In all departments of active service stand in need of the readiness of mind and promptness of action which depend on a healthy nervous system. Let a railroad man be "rattled," and every life depending on him is in danger. A great many railroad men have found in Dr. Pierce's Golden Medical Discovery a valuable tonic for the overstrained nervous system. It builds up the body, purifies the blood, nourishes the nerves, and induces a healthy appetite and refreshing sleep.

"I suffered for six years with constipation and indigestion, during which time I employed sweral physicians, but they could not reach my case," writes Mr. G. Popplewell, of Eureka Springs, Carroll Co., Ark. "I felt that there was no help for me; could not retain food on my stomach; had vertigo and would fall helpless to the floor. Two years ago I commenced taking Dr. Pierce's Golden Medical Discovery and little 'Pellets,' and improved from the start. After taking twelve bottles of the 'Discovery' I was able to do light work, and have been improving ever since."

5. Tue following persons are exempt

from the obligation of fasting: Persons under 21 years of age; the sick nursing womer; those who are obliged to do hard labor, and those who, through weakness, cannot fast without great prejudice to their health.

6. The faithful are reminded that, be-

sides the obligation of fasting imposed by the church, this holy season of Lent should be, in an especial manner, a time of earnest prayer, of sorrow for sir, of seclusion from the world and its amusements, and of generous alms-

By virtue of an indult to the United States, dated August 3, 1887, the fol-lowing special dispensations are

granted:

1. The use of flesh meats is permitted at all meals on Sundays, and once a day on Mondays, Tuesdays, Toursdays and Saturdays, with the exception of the second and last Saturdays of Lent. But flesh meat and fish are

not to be used at the same meal during
Lear, even on Sundays.

The use of butter, cheese, milk and

4. Those for whom the hour of noon may be an inconvenient time for dinner may invert the order and take their collation in the morning and their dinner in the evening.

5 The use of hog's lard, or dripping,

instead of butter, is authorized in pre-paring permitted food.

6 Fersons exempt from the obliga-tion of festing are free to take meat more than once on those days when its use is granted by dispensation. III

By virture of an indult granted to us by the Holy See March 15, 1895, we permit to all working men and their families the use of flesh meat once a day on all fast days and abstinence days throughout the year, with the exception of Fridays, Ash Wednesdays, the Wednesday and Saurdey of Holy Week, and the eve of Christmas.

Those who avail themselves of this induit are not sllowed o use firsh meat and fish at the same meal, and they are earnestly exported to perform some other act of mortification, such as ab stinence from intoxicating liquors,

The reverend pastors are reminded that on the first Sunday in Lent the collection for the Indian and colored missions is to be taken up in all the churches throughout the diocese.

To TELL HUMAN BLOOD -The Claiical Weekly, of Berlin, publishes a description of a discovery by Profs. Was-seman and Schuetze, of the Physiolog-ical Iostitute, and Chief Director Koch, of a method of distinguishing human blood, whether old or fresh, from that of all animals save the monkey. The experim his showed that the blood of monkeys, in respect to albumen, was next in natural afficity to the blood of man. The test was based on the em-ployment of hemolysine and praccipi-tane.
